ERROR ACCEPTING TERMS AND CONDITIONS **Gathering Feedback**

- JOHN ALEMBI
- **Forum name:** #Feature Request

I am experiencing a recurring system error on the EGP platform that prevents me from accepting the Terms and Conditions during the bidding process. Due to this issue, I am unable to proceed with bid submission.

The problem persists despite multiple attempts and is affecting my participation in tenders. Kindly investigate and advise on resolution.

Please let me know if any additional details are required.
