

INTRODUCE COLOUMN INDICATING REQUISITION ASSIGNED & TASK TRACKER STATUS Gathering Feedback

- BRIAN KWEYU

Hi,to the developers alongside the procurement consultants based on egp, I would like to request introduction of a new coloumn on the requisitions module specifically at the HOP level, to indicate status of assigned/yet to be assigned requests, maybe to go an extra mile and show status of the assigned request task tracker, if they have been turned to tenders by the tender creators or not. this will aid in efficiency levels and reduce confusion.
